

REACH Regulation EC No 1907/2006 – Article 33

Communication in the supply chain

In accordance with Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (“REACH”), suppliers must report to and notify recipients if an article¹ contains a substance listed in the Candidate List of Substances of Very High Concern (“SVHC”) and has a concentration above the threshold level of 0.1% weight by weight (w/w). Under REACH, the threshold limit 0.1% weight by weight (w/w) applies to each individual article incorporated as a component of a complex product. The Candidate List of reference is the one published in December 2023.

The articles listed below may contain SVHC above the threshold level of 0.1% w/w, but do not exhibit a safety risk when used in the intended way.

Product Family	Item/Parts Name	Substance CAS Number	Substance Name
PR	LAN KIT, SMARTLINK COMM DEVICE, CANADA	1317-36-8	Lead monoxide
PR	LAN KIT, SMARTLINK COMM DEVICE, CANADA	7439-92-1	Lead
PR	LAN KIT, SMARTLINK COMM DEVICE, EU	1317-36-8	Lead monoxide
PR	LAN KIT, SMARTLINK COMM DEVICE, EU	7439-92-1	Lead
PR	LAN KIT, SMARTLINK COMM DEVICE, JAPAN	1317-36-8	Lead monoxide
PR	LAN KIT, SMARTLINK COMM DEVICE, JAPAN	7439-92-1	Lead
Others	PB EAME 1 STATION GENERIC	7439-92-1	Lead
